Knowledge for the world.

For a long time, the world's best education was exclusive to developed countries and major cities. Blackwell Global University has a clear mission: to prove that great talent is everywhere. We provide our students with a cosmopolitan mindset—wherever they are—by giving them access to world-class education.

Why Choose Blackwell Global University?

At Blackwell Global University, we take pride in being an American university with a global mindset. Our commitment is to provide high-quality education and an enriching experience to talented and passionate students from all around the world.

Global Commitment and Official Recognition

At Blackwell Global University, we ensure the quality and validity of our education through the highest international standards, backed by our licenses, memberships, and global partnerships.

STATE AUTHORIZATION

Licensed by the Florida Commission for Independent Education (FCIE) under License No. 12499, guaranteeing academic excellence.

QAHE ACCREDITATION

Accredited by QAHE, a global body with over 70 partners, 300 accredited institutions, and rigorous educational standards.

MEMBER OF GLOBAL ACADEMIC NETWORK

Part of the Global Academic Network, present in 7 countries with over 75,000 students from 30 nationalities.

MEMBER OF FAPSC

A proud member of FAPSC, an association that has represented career-focused institutions in Florida since 1956.

MEMBER OF AACRAO

Affiliated with AACRAO, a prestigious organization with over 2,300 institutions and 16.5 million students across 40 countries.

Global Excellence

Our University Around the World

WORLD-CLASS INTERNATIONAL FACULTY

At Blackwell Global University, we take pride in our multicultural faculty. Our professors come from various countries and hold doctoral degrees from some of the world's most prestigious universities. Their expertise and diverse perspectives ensure that our students receive a top-tier education enriched by global insights.

HIGH-QUALITY ONLINE CLASSES

Our pragmatic educational model allows students to engage in live discussions, collaborate on projects, and access academic resources through an intuitive online platform. The diversity of perspectives among participants enhances learning, fostering a deeper understanding of each subject.

A GLOBAL COMMUNITY

Blackwell Global University is home to a diverse, multicultural community. Our students come from different parts of the world, creating an enriching environment where they learn from one another, share cultural experiences, and build lasting global connections. This fosters a broad, international mindset essential for tackling today's global challenges.

Lead Global Change in Project Management: Advanced Training for Real Impact

The Master of Science in Project Management at Blackwell Global University is an advanced academic program designed to develop leaders capable of managing complex projects across diverse business environments. Through a comprehensive approach that combines cutting-edge theory with practical applications, this program provides the necessary tools to successfully plan, execute, and close projects. Students will develop competencies in leadership, strategic decision-making, risk analysis, and effective management of multidisciplinary teams, preparing them to adapt to the ever-evolving global market.

Learning Goals

Apply global methodologies and standards in project management.

Assess and mitigate risks to optimize results at all project stages.

Integrate advanced technological tools for project planning and execution.

Develop effective strategies for stakeholder communication and management.

Lead multidisciplinary teams with an ethical approach and social responsibility.

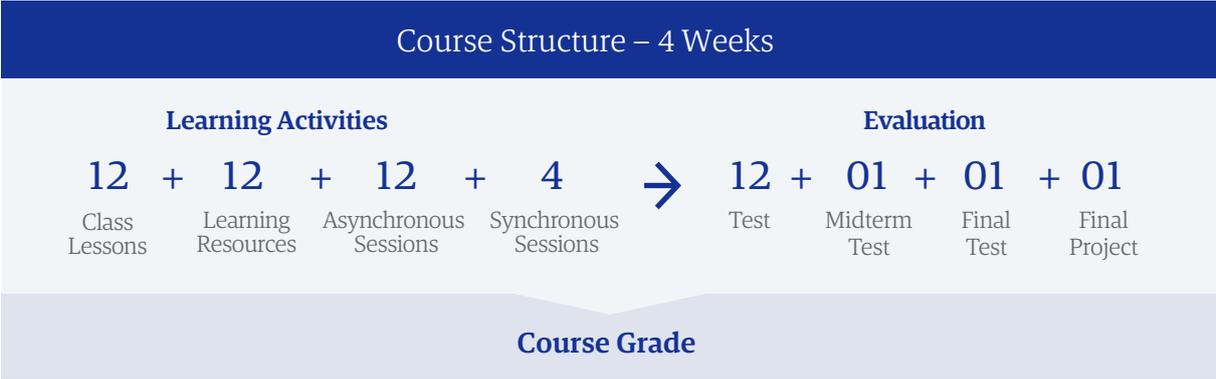

Design and implement innovative projects that drive business growth.

Methodology

At Blackwell, our educational methodology combines innovation and flexibility to adapt to your needs.

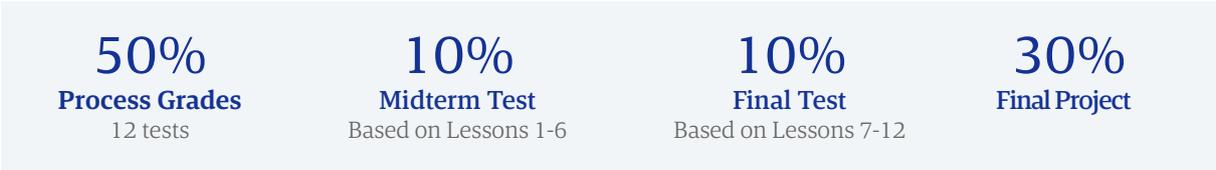

The 12 lessons of each course are completed over 4 weeks:

Structured and Balanced Assessments

Our evaluation system ensures that each student demonstrates their learning progressively. The grading distribution for the master’s program includes:

Synchronous Classes: Interactive, Real-Time Learning

Our synchronous sessions provide the opportunity to connect directly with faculty and students. Each session lasts 90 minutes and is held once per week for four weeks. This flexible format allows students to balance learning with other responsibilities, ensuring a high-quality educational experience.
